UNITED STATES DISTRICT COURT

NORTHERN DISTRICT OF OHIO WESTERN DIVISION

Tronsen	3:08 CV 148
v.	Judge Carr
Toledo-Lucas County Public Library	Plaintiff's OPPOSITION TO Defendant's EXTENSION OF TIME REQUEST

Plaintiff Objects to an extension of time. Defendant is STALLING. Mr. Borell has had adequate time to study the issues, 'especially' because this case is mostly identical to the prior matter which he represented the same Defendant (plus others) regarding; indeed, the cases cited by Plaintiff are approximately 90% IDENTICAL. Mr. Borell knows the law as it applies to this matter; he just wants to stall.

Respectfully submitted,

anders Tronsen
